NUXATED IRON

Increases strength of delicate, nervous, rundown people 25 per cent in ten days in many instances. \$100 forfeit if it fails as per full explanation in large article soon to appear in this paper. Ask your doctor or druggist about it. Wetzel's Kidney Store always carry it in stock.—Adv.

Peel Off Your Freckles

To remove freckles, blotches or any complexion difficulty, the best thing to do is to remove the skin itself. This is easily and harmlessly done by the application of ordinary mercuric wax. The wax peels off the defective outer skin. Little each day, gradually bringing the second layer of skin to view. The new skin is beautifully soft, clear, white and young looking. Just procure an ounce of mercuric wax at any drug store and use like cold cream.

O'LEARY BRINGS SUIT FOR LIBEL

Asks For \$100,000 Damages.
Hughes Wants Only
"American Votes."

NEW YORK, Oct. 25.—Vance C. McCormick, chairman of the democratic national committee, was served late Monday with a summons and complaint in a second suit for libel brought against him by Jeremiah A. O'Leary, one of the heads of the American Independence conference. The action, which is for \$100,000, is based on a statement Mr. McCormick is said to have given to the newspapers on Monday. This statement, it was asserted, was in connection with charges by the democratic national committee that a secret agreement was made between O'Leary and his associates and Charles E. Hughes, republican presidential nominee, by which Mr. Hughes made speeches to conform to "demands" of the American Independence conference.

O'Leary's first suit against the chairman of the democratic national committee, was based on a statement by Mr. McCormick, was said to have made, concerning O'Leary after the latter had sent a telegram to Pres. Wilson criticizing his administration. The president replied in substance to O'Leary that he would "feel deeply mortified" if O'Leary or anybody "like you" voted for him.

Issue Third Installment.
The democratic national committee Tuesday night issued its third installment of charges involving Mr. Hughes and the American Independence conference. What purported to be "confidential committee reports" were made public and were declared to "reveal in detail the secret purposes, plans and scope of the racial, political organization promoted by Jeremiah A. O'Leary and his associate propagandists."

Simultaneous with this service of notice by O'Leary, on the democratic chairman, Charles E. Hughes told an audience that crowded Scheutzen park hall in Queensborough, in language quite similar to that employed by Pres. Wilson recently, that he did not want the support "of any one who has any interest superior to that of the United States, who would not instantly champion the right and interest of America against any country whatever, who wants immunity for foreign aggression, or who would have the power of this nation held captive to any foreign influence or swayed by alien machinations."

Mr. Hughes' declaration was made at the first of three meetings at which he spoke in New York city, Tuesday night. The other two meetings were held in Harlem and the Bronx.

Denies Secret Understanding.

"It is hardly necessary to say that if I am elected," Mr. Hughes declared, "we shall have an exclusively American policy in the service of American interests. I have no secret understandings, no unsaid purposes. If any one supposes that in case of my election, the right and interests of American citizens, will be subordinated to an ulterior purpose or to the interest of the policies of any foreign power whatever, he is doomed to disappointment."

"I am an American, free and clear of all foreign entanglements. We propose to have an administration, and American administration, while dealing with all nations on a basis of the most absolute fairness, will maintain unshakingly American rights on land and sea."

No Foreign Intrigues.
"We shall not tolerate the use of our soil for foreign intrigue. We shall not permit threats from any quarter or any foreign influence to swerve us from our action. I believe that the great mass of American people are sincerely patriotic."

"I said long ago in my speech of acceptance that whether native or naturalized, of whatever race or creed, we have a common country and we could not tolerate a divided allegiance."

U. S. Must Be Supreme.
"I desire the support of every true American who stands for his principles, whatever his race. I do not want the support of any one who has any interest superior to that of the United States. The United States must be supreme."
"And as to any who would have an allegiance that is not single and complete, as to any who would not instantly champion the rights and interests of America against any country whatever, as to any who would seek immunity for foreign aggression or who would have the power of this nation held captive to any foreign influence or swayed by alien machinations, let them not vote for me."

Chairman McCormick and former Gov. Martin H. Glynn denied Tuesday night a statement issued from said Mr. Glynn had asked O'Leary to use his influence to induce the American Independence conference not to throw its support to Mr. Hughes until after the subject had been discussed by Mr. Glynn with Pres. Wilson.

Mr. Glynn declared he met O'Leary on the train and talked with him "about politics, the weather and many other things" in the public smoking compartments of their car, but added that he never at any time mentioned the conversation to Pres. Wilson.

Mr. McCormick asserted he never saw or heard of O'Leary until after O'Leary's telegram to Pres. Wilson.

Gerard Confers With Wilson But Is Mum on Talk

LONG BRANCH, N. J., Oct. 25.—James W. Gerard, American ambassador to Germany, came to Shadow Lawn Tuesday to discuss with Pres. Wilson what the ambassador characterized later as "every phase of the situation involved in my work at Berlin."

He lunched with the president and remained with him afterward for more than two hours.

The ambassador said he planned to remain in this country until after election, but would take no part in the presidential campaign. He talked freely with reporters about various phases of the German situation, but refused absolutely to be quoted or to allow the publication of what he said. "I am representing the whole country and cannot mix in politics," he said.

Ambassador Gerard would not say specifically that he had discussed the submarine issue or peace with the president, but in reply to each direct question replied:

"We discussed the entire situation."

He did say, however, that it could be taken for granted that he would not be away from his post if he believed any immediate emergency was threatening.

Ambassador Gerard said the German emperor was seldom in Berlin, but spent most of his time on either the western or eastern front.

The ambassador is understood to have gone over the details of conditions in Germany with the president. He said that Capt. Boy-Ed, former naval attaché to the United States, was in the admiralty when the ambassador left for the United States.

DONATIONS MADE TO ALUMNI FUND

Gifts of \$500 and \$1,000 to
Notre Dame Announced
at Cincinnati.

News-Times Special Service:
CINCINNATI, O., Oct. 25.—An announcement was made here Tuesday of two handsome donations to the University of Notre Dame, South Bend, Ind., during the sessions of the university alumni at the Hotel Gibson in the city. One of these contributions through the modesty of the donor, will for the present be known as the "gift of a friend" with the sum of \$500 cash. The other donation, amounting to \$1,000, was announced as that of C. A. Paquette.

Both donations, it is stated here, will go into a fund now being raised for the erection of a building to be known as students' hall. It is believed that through the generosity of well-known friends of the university, who are highly appreciative of the educational service accomplished by the institution, that the entire amount necessary for the building of students' hall will be entirely served in the very near future.

The alumni sessions here have evidenced remarkable interest in the future of the South Bend institution.

ARGENTINA CORN DUE IN ILLINOIS TODAY

Southern Grain to Compete With
Sucker State Product, Which
Goes to \$1 a Bushel.

PEORIA, Ill., Oct. 25.—Two sensational strikes the Peoria board of trade here Tuesday. The first was Illinois corn selling for \$1.00 per bushel and the second that a large shipment of Argentine corn was en route to a local commission house. The first shipment of Argentine corn is expected to arrive here Wednesday morning, and will be offered in competition with grain grown in Illinois. The first hint that Argentine corn would be placed in competition with the Illinois crop came Monday when an agent arrived and began taking orders for the Argentine product. It is claimed that Argentine corn has an advantage over Illinois corn for the first four months after harvest because of its lack of moisture. Illinois corn shows 22 per cent moisture up to that time, whereas Argentine corn shows but eleven per cent. The difference amounts to ten cents a bushel for manufacturing purposes in favor of the imported corn.

ADVOCATES TWO MAYORS

Would Have One for Political End
and One for Business.

Associated Press Service:
INDIANAPOLIS, Ind., Oct. 25.—John W. Holtzman, former mayor of Indianapolis, advocated two mayors for a city, one to take care of the political end of the administration and the other to handle the business affairs, in an address Tuesday at a meeting of the civic and welfare department of the Woman's Department club. By this method, the speaker said, the people would get full values of their taxes and yet they would be allowed to express their sentiments by the ballot as to their desires for an administration with an "open" or "closed" city. He believed it would not be long until no one would wish to run on the "liberal" ticket and that in the end better city government would result.

WILSON LAUDED FOR HIS NERVE

Franklin K. Lane Says It Took
Just That to Speak Out
When Spies Filled Nation.

SYRACUSE, N. Y., Oct. 25.—With the approach of the campaign's end the republicans have failed to "find a flaw in Woodrow Wilson's armor," declared Franklin K. Lane, secretary of the interior, in an address here Tuesday night. When Charles E. Hughes was nominated, he said, he "felt a bit nervous as to the outcome" of the election because he felt that if there had been any great mistakes by the administration, Mr. Hughes would reveal them.

"He was the republican's strongest man and he has failed," the secretary said. "The greatest man that the republican party has drawn to it, not only Mr. Hughes, but Mr. Taft and Mr. Roosevelt and your own state leader Mr. Root, have been challenged by circumstances to prove their right to the title of statesmen and each has done his best. But I ask you what plan, what program, what policy have they presented to the American people more worthy, more practical, more American than that which has been pursued by Mr. Wilson."

Lauds Wilson's Nerve.
Speaking of Pres. Wilson's patience in his foreign policy, he said: "We are at peace when if we had been at war, and that we have made no friends among the belligerents is because people at war don't want judges, they want partisans," he added. "Perhaps you think it did not take courage to speak the direct word when spies filled the country and every mail brought threats of death and every coward of a politician prophesied political death. If Woodrow Wilson lives to write his autobiography or commits to other hands the documentary history of his administration, the world will know that he had nerve as well as patriotism and good sense."

Friends Seek to Clear
CHICAGO SCHOOL HEAD

Claim Letters to Woman Part of a
Conspiracy and Will Demand
Trial by School Board.

International News Service:
CHICAGO, Oct. 25.—Two investigations—by state and federal authorities—were under way Tuesday to determine the authorship of more than 100 obscene letters sent to husband, relatives and friends of Mrs. Marie Moore, in which her character was attacked.

John H. Hell, ousted principal of the Morgan Park high school, who is said by Pres. Jacob M. Loebe of the board of education, to have confessed to him that he had written the letters, still was in hiding today.

While Mrs. Moore and her husband, Prof. Loebe and Gen. James E. Stuart, chief postoffice inspector, were positive in their declarations that Hell had admitted authorship of the missives, his friends were making assertions to the contrary. Attorneys for Hell said that he was the victim of a conspiracy into which blackmail entered, that he never had admitted writing the letters and that they were prepared to present evidence vindicating him. They said they would demand a trial by the board of education.

"If Hell is willing to stand for an expose of all the details, he will be accommodated," said Gen. Stuart. "I never saw such vile letters in my life and I am going to insist that all the evidence be presented to a federal grand jury."

The alumni sessions here have evidenced remarkable interest in the future of the South Bend institution.

BOY, PAGE MR. HUGHES

International News Service:
BROWNSVILLE, Tex., Oct. 25.—

Military authorities Tuesday quickly settled a strike of the three drivers and three conductors, who operate the mule car line in Matamoros, on the Mexican side. The strikers demanded higher wages. They were taken before the Carranza commandant.

"You cannot have more money," he said.

"Then we will not work," replied the strikers in chorus.

"Take them out and shoot them," said the commandant.

The mule cars are running and the same old crews are on the job.
